

ILSAC GF-6 Sub Categories

API Donut

API Starburst

API Shield

GF-6A:

SAE
0W-20
5W-20
5W-30
10W-30

These vis grades are backwards compatible and will carry the traditional starburst.

GF-6B:

SAE
0W-16

This vis grade is not backwards compatible unless specified by the OEM and will carry the new shield.

API SP:

SAE
0W-16
0W-20
5W-20
5W-30
10W-30
10W-40
20W-50

Although ILSAC GF-6 applies to the fuel efficient vis grades, API SP still applies to those heavier vis grades like 10W40 and 20W50.
