GUARDOL® LINEUP REFERENCE CHART

Phillips 66® Lubricants is refreshing our heavy duty engine oil line to highlight the most recognized name in our portfolio, Guardol.

The new Guardol lineup keeps several of our existing names, plus a few new ones, as shown in the chart below. As we continue to evolve, so do the demands of heavy duty engines. From the premium protection and fuel efficiency of full synthetics to the reliable conventional, you can trust that we have a Guardol for every piece of equipment in your fleet.

	Full Synthetic				Synthetic Blend		Environmental	Conventional

GUARDOL® CARTON UPDATES

The Phillips 66® Guardol lineup will also include the updating of the heavy duty engine oil cartons. The new look consists of a simplified design focusing on identifying elements and separating groups by color, making the selection process of the correct products in your warehouse easier than ever.
